

SOFTWAREUNLIMITED

Our case studies highlight how Information Technology (IT) can be used to enhance your competitive position through reduced costs, improved operational efficiencies and higher levels of customer service.

Case Study: Document Management

Increasing transaction volumes are resulting in slower access to information. The solution requires an enhanced document management and scheduling system.

Client Situation

A law firm is faced with an increasing need to manage their documents and appointment calendar.

Client Problem

Current methods are disorganized and time consuming. An increase in correspondence volume results in slower employee access to files and information.

SoftwareUnlimited Solution

SoftwareUnlimited implements a Document Management system, Legal Forms program and Electronic Calendar system. SoftwareUnlimited's Maintain IT service keeps the systems operating at peak efficiency.

Client Benefit

The law firm dramatically increases its efficiency and access to information. Increases in volume no longer result in delays in accessing client files and cases.
