

SOFTWAREUNLIMITED

Our case studies highlight how Information Technology (IT) can be used to enhance your competitive position through reduced costs, improved operational efficiencies and higher levels of customer service.

Case Study: Productivity

How SoftwareUnlimited increased productivity by a documented 30% while improving communications with customers 12%.

Client Situation

A mid-size company needs to increase productivity and automate many of the processes currently in place.

Client Problem

With the growth of the company, internal network speeds are grinding to a halt and electronic messages are difficult to send and receive with main office.

SoftwareUnlimited Solution

SoftwareUnlimited's Manage IT service installs new servers and upgrades network. Using our Integrate IT services, SoftwareUnlimited configures a high speed secure T-1 line to provide E-mail and Internet access. Our Secure IT service protects the company from Internet intruders.

Client Benefit

Company-wide productivity is increased by a documented 30%. Communications with the head office and customers is improved 12%.
